OBJECTIVE

Computer Science graduate with hands-on experience in React.js, JavaScript, HTML5, CSS3, and Bootstrap. Skilled in building responsive user interfaces, reusable components, and modern web applications through academic and personal projects.

EDUCATION

B.Tech in Computer Science , Swarnandhra College of Engineering, Narasapur CGPA: 7.4/10	2021 - 2025 AP, India
Intermediate (MPC) , Aditya Junior College Percentage: 87.2%	2019 - 2021 AP, India

SKILLS

Programming Languages	Python, HTML, CSS, JavaScript
Frameworks/Libraries	Bootstrap, React(Basics)
Databases	MySQL
Developer Tools	Git, GitHub, VS Code
Soft Skills	Problem Solving, Analytical Thinking, Communication Skills, Team Collaboration, Time Management
Certifications	Certified React Developer(OneRoadMap) JavaScript Certification(OneRoadMap) Full Stack Development Certification(OneRoadMap)

PROJECTS

Online Auction System | React.js, JavaScript, HTML5, CSS3 | 2025

- Developed a responsive online auction platform interface using React.js and modern frontend development practices.
- Created reusable React components for auction listings, bidding pages, user authentication screens, and navigation.
- Implemented responsive layouts using CSS to provide a seamless user experience across desktop and mobile devices.
- Organized application structure using component-based architecture to improve code readability and maintainability.

Personal Portfolio Website | (React.js, JavaScript, HTML5, CSS3, Bootstrap) | 2025

- Designed and developed a personal portfolio website to showcase projects, technical skills, and contact information.
- Built reusable React components and responsive layouts using a mobile-first development approach.
- Implemented smooth navigation and interactive user interface elements to improve user experience.
- Structured the application using modular components for easier maintenance and future scalability.

EXTRA-CURRICULAR ACTIVITIES

- Consistently explored modern web development technologies through self-learning and practical implementation.
- Maintained project repositories using Git and GitHub.
- Built responsive web applications using React.js, HTML5, CSS3, and Bootstrap
- Participated in group discussions and technical seminars to strengthen communication, teamwork, and problem solving skills.
